Product Description

EGO POWER+ Dual Port Charger - CH2800D

Get back to the job faster with the EGO POWER+ Dual Port Charger. Simultaneously charge two EGO POWER+ 56V ARC Lithium™ batteries of any size with the charger's dual ports. Both ports feature an intelligent battery control system that monitors each cell's charge and temperature to deliver maximum battery life. Its active cooling fan system supports rapid charging without overheating, and its dual ports ensure limited downtime with the simultaneous charging of two batteries. From zero, it will fully charge two 2.5Ah batteries in 40 minutes, two 5.0Ah batteries in 60 minutes, two 6.0Ah batteries in 90 minutes, two 7.5Ah batteries in 120 minutes, two 10.0Ah batteries in 160 minutes, and two 12.0Ah batteries in 180 minutes (all charge times are approximate). The EGO POWER+ Dual Port Charger charges all EGO POWER+ 56V ARC Lithium™ batteries.

TECH SPECS

- Simultaneous charging with dual ports
 - Intelligent battery control system monitors each cell's charge and temperature to deliver the quickest, most efficient charge
 - Fan-cooled charging system prevents battery and charger from overheating
 - Integrated battery fuel gauge displays five charge levels in 20 percent increments
 - Charges all EGO POWER+ 56V ARC Lithium™ batteries
 - 3-year warranty
-
