Product Description

EGO POWER+ Z6 Zero Turn Riding Mower Charger - CHV1600

The EGO POWER+ Z6 Zero Turn Riding Mower Charger boasts industry-leading recharge times. It can charge up to six batteries simultaneously when plugged into your EGO POWER+ Z6 Zero Turn Riding Mower. It can fully recharge 40Ah worth of depleted batteries in just two hours. After just 15 minutes plugged into your Z6, it can provide enough power to cut up to ¼ of an acre—an industry first! The charger features a wall mount design for easy storage. Integrated LED Charge Indicator lights provide battery level status during charging. Its active cooling fan system supports rapid charging without overheating, and its quick recharge capabilities ensure limited downtime with any EGO POWER+ 56V ARC Lithium™ battery.
