Product Description

Takeuchi TB290 Excavator

The TB290 has a wide array of features that maximize efficiency and productivity. A closed center, load-sensing hydraulic system allows it to have outstanding multi-function capabilities, multiple attachment presets, and the ability to adjust auxiliary flow rates from the cab greatly expands the versatility of the machine. Service and maintenance access is greatly enhanced with an engine hood and side cover that opens high overhead for unmatched ground-level serviceability.
