Product Description

Honda 21" Hydrostatic Self Propel Push Mower - HRC216HDA

- Self-propelled, hydrostatic, commercial-grade transmission
- Rugged features for commercial use
- Easy starting commercial GXV160 Honda engine

Precision speed control: Commercial Hydrostatic Cruise Control

This durable commercial transmission offers infinitely variable speed control from 2.1 to 4 mph. Allows you to change and maintain the ground speed to match mowing conditions.

Honda commercial-grade GXV160 OHV 4-stroke engine

The easy-starting, powerful, and quiet GXV160 commercial engine is designed for superior reliability. Features include a cast iron cylinder sleeve, two-stage air filter, ball bearing supported crankshaft, electronic ignition, and mechanical governor.

Honda MicroCut® Twin Blades: superior mulching and bagging

Honda's exclusive MicroCut® twin blade system uses four cutting surfaces that result in ultra-fine clippings for superior mulching and bagging. Tiny pieces mean up to 30% more clippings in a bag, plus better mulching - saving you time and money
