Product Description

Kress 60 V 25" brushless hedge trimmer - KG262

KRESS battery-powered hedge trimmers offer exceptional power and long run times for the demanding homeowner. Enjoy professional-level performance without the noise, complexity and exhaust fumes.

- 3400 spm high cutting speed with Laser-cut, diamond ground blades provide clean cuts
 - Kress-built brushless motor delivers more power, longer runtime and extended lifespan
 - Magnesium alloy gear box for lighter weight, lower vibration and high durability
 - Thanks to Multi-angle front handle, cutting different positions with ease
 - Rubber over-mould rear handle for increased comfort
 - Dual action double-sided blade for reduced vibration and smooth cutting performance
 - Blade tip guard reduces blade wear when cutting near the ground or walls
 - Two-handed multi-grip switch system for safety operation
 - Part of Kress 60V Battery System, one 60V battery can power all Kress 60V tools
-
