Product Description

Kress 60V / 8.0A Dual Charger - KA3706

The Kress 60 V 8 A dual charger can charge 2 pcs 60 V battery at the same time. The inbuilt SmartLink battery management and cooling system not only charges batteries in minutes, it provides better protection for the battery cells and guarantees a longer overall service life.

- The dual port allows for the charging of 2 batteries at the same time
 - Thanks to the SmartLink function, balancing out voltage fluctuations to protect battery cells
 - The cooling system manages the cell temperature whilst charging, prevents overheating
 - The built-in charge indicator shows the status of the charge
 - 30 minutes for two 2.5 Ah batteries and 75 minutes for two 5.0 Ah batteries
-
