Product Description

DeWalt 20V Cordless Dry Hand Vacuum (Tool only)

The DEWALT 20V Cordless Dry Hand Vacuum (Tool only) is a jobsite cleaning solution that provides users with powerful performance (46 CFM) to pick up common jobsite debris ranging from drywall, dust, to small screws and nails. This versatile vacuum comes with 6 different cleaning attachment accessories to tackle any cleaning job from floor level to overhead. The hand vacuum can be used to handle smaller messes or used in combination with the extension tube and floor accessory to clean up floor areas. A bright LED light illuminates the darkest areas. A HEPA Filter allows for clean efficient cleanup of fine dust and drywall and follows OSHA Table 1 Compliance under housekeeping rules. It comes fully equipped with an extension tube, floor nozzle, flexible hose, crevice nozzle, gulper brush, round brush, belt hook, accessory holder, and HEPA filter.\n\nUp to 21.4 minutes of runtime per charge using DCB205 battery (sold separately).\n\nCan fill up to 15 tank fills per charge using DCB205 battery (sold separately).

Features:

- 46 CFM provides higher suction performance for more efficient clean-up
- 65 Air Watts with a 5.0Ah DCB205 battery pack (sold separately)
- 6 Accessory cleaning solutions
- Drawstring accessory bag keeps vacuum accessories in one place
- Easy empty canister to minimize exposure to dust and debris
- HEPA Filtration allows for clean and efficient cleanup of fine dust like concrete and drywall
- A bright led light illuminates the darkest areas
- The belt hook frees up hands to work more efficiently
