Product Description

DeWalt 20V MAX* Brushless Cordless Air Compressor Kit (2-1/2 Gal)

Keep using the pneumatic tools you already have while enjoying the convenience and portability of cordless with the 20V MAX* 2-1/2 Gallon Brushless Cordless Air Compressor. Each battery charge can sink over 850 nails**, providing runtime to complete a variety of applications. Its OneTurn™ Regulator means you won't have to fight with the dial. Plus, it's made right here in the USA with global materials.

Features:

- Do more in less time: Drive up to 850 nails per charge**
- Versatility and power: Air delivery of 1.0 SCFM at 90 psit
- Fast and accurate pressure adjustments with oneturn™ regulator
- Protect critical components with heavy-duty roll cage design
- The convenience of cordless: Brushless motor with a heavy-duty oil-free pump
- Lightweight and portable: Weighs only 21-1/2 lbs
- Quiet operation: 80 dBA† operational noise level
- More nails per cycle: up to 81% more nails with each charge on a 20V/60V MAX* battery
