Product Description

Husqvarna Automower® 535 AWD Robotic Mower

Advanced and highly effective robotic mower with all-wheel-drive developed for professional use. The model is designed to take care of lawns up to 0.9 acres and navigates obstacles, tough terrain and slopes of up to 70 %. Adapted for public installations with simplified control for easy interaction. Object detection through ultrasonic technology, remote control and surveillance—together with the rest of your product fleet— with Husqvarna Fleet Services™.
