Product Description

RedMax Straight Shaft Edger HEZ260F

Landscapers can trust the consistent, reliable performance of the HEZ260F edger. The 25cc Strato-Charged engine delivers 1.3 HP of power with exceptional fuel efficiency for extended runtime and long-lasting performance. Built for durability, the commercial-grade construction features a clog-resistant, die-cast aluminum guard on the shaft. And the curved shaft design ensures it's comfortable to use all day long.
