Product Description

RedMax Straight Shaft Edger HEZ3060S

A high quality, high durability straight shaft edger. The HEZ3060S comes standard with a steel drive shaft and a damper reducing vibrations by up to 20%. At 29.5cc and 1.4 horsepower, this machine has what it takes to edge in the toughest environments including hard compacted soil. For optimum performance, the open guard design ensures no build up of mud and debris around the blade.
