Product Description

Little Wonder ProVac SI - Briggs

The Power and Strength to Carry Twice the Load of Other Debris Vacuums

- Clears leaves and debris at your pace with the power, performance, and capacity to get the job done.
 - Superior airflow provides plenty of suction to fill our large capacity bag so you can collect more debris and get the job done quicker
 - Powered by a Honda® GSV190 engine or Briggs & Stratton® Professional Series™ 850 engine
 - Serrated impeller shreds debris down at up to a 5:1 ratio
 - Instant nozzle height adjustment at handle provides seamless turf-to-asphalt transition for faster debris and leaf clean-up
 - Throated nozzle design increases airspeed, while unique rectangular discharge chute prevents clogging of debris
 - Optional Intake Hose Kit for cleaning beds and hard to reach areas; sits securely in special contoured pocket that blocks air flow when not in use
 - Thick gauge, all-welded steel housing with welded studs provides years of service
 - 40 gallon capacity angled no-kick bag with sewn-in plastic bottom prevents wear-and-tear while in- use and when loading and unloading the vac
-
