Product Description

Worldlawn 32" Walk Behind Mower - WY32X11HD

The Belt-Driven Walk-Behind represents cutting-edge engineering and performance you can depend on. This model offers four different size options with a Briggs & Stratton, Honda, or Kawasaki engine that will provide each user with custom, peak performance. With this mower's efficiently designed handgrips and controls, designed to reach those hard-to-reach places, and a discharge, mulch, or collect option, cutting grass has never been so easy.

- 2-year commercial warranty
 - Ergonomically designed hand grips and controls
 - Promote ease-of-use and operator comfort
 - Easy pull pin height adjustment on the floating deck
