Product Description

Worldlawn 48" Hydro-Driven Floating Deck Walk Behind Mower

The Hydro Driven Walk Behind mower delivers a smooth and high-quality cut with less effort. This powerful machine is built around a framework of world-class components such as a Parker wheel motor, dual Hydro-Gear pumps and a powerful Kawasaki FS481V twin engine. With customizable features such as stand-on, riding or steerable platforms, plus grass collection bags, and mulch kits, the Hydro Driven mower can take the daily workload of commercial mowing and keep you mowing longer.

- Available with fixed or floating decks
 - Long life, maintenance free spindles
 - Dual pumps and wheel motors
 - Side discharge, bag, or mulching capabilities
 - Easy to operate controls
 - Remote Discharge Control (RDC) standard on floating deck only
 - Simple track-on-the-go adjustment (tool-less design)
 - Kawasaki FS Series
-
