Product Description

Worldlawn 48" Cobra Zero Turn Mower

Get the job done faster with the Cobra, a zero-degree-turning radius riding lawn mower. Manufactured in a range of sizes, the Cobra features a dual fuel pump, a standard rollover protection system and is the perfect blend between mechanical reliability and rugged construction.

- Powered by Kawasaki FX series engines
 - 7 gauge steel floating deck
 - Dual pumps and wheel motors
 - R.O.P.S. standard
 - Discharge, mulch, or collect
 - Hydro oil cooler standard
-
