Product Description

Worldlawn 22" Snow Thrower

The Snow Thrower features an efficient friction disc transmission, a built-in headlight and a manual, 110 volt electric starting system. With a 12 inch impeller, the Snow Thrower offers a 35 to 50 foot throwing distance and a 200 degree chute turning radius, snow removal is made easy with this machine.

- Friction disc transmission
 - Built-in headlight
 - Manual, 110 volt electric starting system
 - 2-year residential warranty
 - 12" diameter impeller
-
