Product Description

eXmark 72" Lazer Z X-Series Zero Turn Mower

For more than 30 years, the Exmark Lazer Z has been the choice of more landscape professionals than any other zero-turn mower. For pros that demand the absolute best durability, productivity, cut quality and innovation, the Lazer Z X-Series is the number one choice. With more configuration options than any other Exmark mower, the Lazer Z X-Series is the pinnacle of state-of-the-art commercial mowers. Choose from 52-, 60-, or 72-inch UltraCut Series 6, or massive 96-inch UltraCut Rear Discharge cutting decks. Our exclusive flow control baffles and Adapt tools-free deck rake adjustment deliver Exmark Signature cut quality and higher cutting speeds in any mowing conditions. Powered by a choice of state-of-the-art big block EFI V-Twin commercial engines from Kawasaki, Kohler and Vanguard, the Lazer Z X-Series powers through the largest jobs with ease. A long-travel full suspension operator seat features isolation bumpers to deliver a smoother ride for reduced operator fatigue.
