Product Description

CFMoto ZFORCE Z10 - 4

You wanted a machine that can take on the gnarliest American terrain with power and confidence at a competition crushing price. Enter the ZFORCE Z10-4 featuring our brand new 143 hp triple-cylinder turbocharged engine. Built with you and three good friends in mind, every detail from the push button starter on the supercar-inspired steering wheel to the FOX® QSE shocks to the redesigned OmniDrive™ continuously variable transmission is CFMOTO's answer to your call for the ultimate sport side-by-side. Just wait until you grip the wheel and interact with the crystal clear 12.3" CFMOTO RideSync™ touch screen. This isn't just control, it's command of the wilds wrapped in the thrill of the ride.
