Product Description

Bad Boy E Magnum 42\" Zero-Turn Mower BMZ42EV

We're reinventing our industry-leading mowers once more. Meet Bad Boy's first electric zero-turn mower. We've added a quiet and powerful engine to give you a new way to mow with an attitude. We've worked hard to make the E-Magnum the most advanced electric mower. This revolutionary mower features the only fabricated deck in the category. It's made to the same high standards as the rest of our mower lineup. We're making it even easier to get the job done on your property with one powerful battery system. The batteries used for our E-Magnum work across our entire E-Series lineup for high-voltage performance.
