Product Description

CSG-7410 Features

- 73.5 cc professional-grade, 2-stroke engine
 - A four-stage air filtration system protects the engine from harmful dust ingestion
 - Decompression valve for easier starter pulling effort
 - Momentary stop switch automatically returns to the "on" position
 - Purge bulb provides fresh fuel to the carburetor
 - Side-access belt tensioner for easy belt adjustment
 - Reversible cutting head can be moved to enable cutting near a wall or close to the ground
 - Aluminum handle with rubber grip for comfort and vibration reduction
 - Brass water valve controls the flow of water
 - Quick-release hose adapter to attach a hose for water supply
 - Abrasive wheel included, diamond wheel sold separately
-
